CHIA Queensland's Foundation for Growth micro-credential training courses for 2021 are bite-sized training courses for workers in our busy sector - practical, flexible training that's directly relevant to the work that we do. Through our partners Infinite HQ, we will be delivering these training modules across Queensland in 2021 through a combination of on-line training and face-to-face workshops in Brisbane, Gold Coast, Mackay and Cairns.

The Foundations for Growth program is the ideal opportunity for you to invest in yourself, develop your skills and build your professional networks. Whether you choose to do a single module, or sign up for all nine micro-credential modules, I am certain you'll find the Foundations for Growth program to be enjoyable and rewarding.
